

**"Candidate Statement (75 words or less)" why you should be elected as a CID Director.**

Please consider me to serve a two year term as a board member of your New Orleans Commercial Investment Division. I have been an active full time commercial real estate professional for three years. I have a solid understanding on what it takes to be a successful agent/broker in our field of business. I am sitting for my CCIM designation October 20<sup>th</sup> 2014 in Los Angeles, CA. I recently moved to New Orleans from Alexandria, and new to the New Orleans Market. I would like to play an active role in the Commercial Investment Division as a governing board member raising the bar for education, member involvement in networking events, and social mixers. In my opinion educated professionals who are better acquainted to one another get more deals done. I am eager to participate and volunteer where ever I am needed. I will be present for every board meeting and make a strong effort to grow CID within the New Orleans Market.

I am happy to take any calls from CID members with whom I have not gotten the pleasure to meet or have questions for me as it relates to my candidacy.
