System Information

Welcome to Fusion Phase 4!

FUSION™, the next generation of MLS software available for PCs and Macs, is an ALTERNATIVE to TEMPO™ in accessing Sandicor's MLS data! With FUSION™ Phase 4 release as of 11/30/11, FUSION™ is premiering some additional functionality, including some features that are uniquely FUSION™. Here are highlights of the enhancements.

The FUSION™ Add/Edit function now gives agents the ability in FUSION to upload all photos at once, and to choose the photo titles and write captions all on one screen. Agents can also set the correct Rooftop and Street Front locations of their properties on the map.

Agents can set their preferences to be immediately notified of their clients' Contact Website choices of Favorites, Possibilities or Rejected properties through either the new gadget on the Home Page, Recent Website Activity, or via an email notification.

The Show Location button (Locator button in TEMPO™), with the ability on the map to locate an address, business or listing by MLS number is now available in FUSION™. There is also a new Select All feature on the Criteria page, which is useful in choosing all the items in a field, such as all zip codes.

FUSION™ is still a work in progress and that means unanticipated issues might be detected, prompting the use of TEMPO™. Please report your issues to fusion@sandicor.com.

Remember, Fusion MLS™ is a parallel system to TEMPO™, NOT a conversion! Sandicor subscribers will have a CHOICE of utilizing either Fusion MLS™ or TEMPO™ when accessing the MLS database.

The screenshot shows a web-based real estate search application. The top navigation bar includes a user profile 'Shonda Paul', a 'Message Of The Day', and links to 'My Folder (0)', 'Sign Out', and 'Settings'. Below this is a secondary menu with 'Home', 'Add/Edit', 'Search', 'Contacts', 'Hotsheet', 'CMA', 'Public Records', 'Reports', and 'Help'. The main search area has a search bar with 'gaslamp (50)' and tabs for 'Criteria', 'Results', 'Details', and '50 Matches'. The 'Criteria' sidebar on the left contains various filters: 'County' (San Diego), 'Zip Code*' (92101), 'Market Area*', 'List Status' (ACT), 'List Date', 'Off Market Date', 'Close of Escrow Date', 'Search Price*' (900,000 or more), 'Bedrooms', 'Bath Totals', and 'Estimated Square Feet'. The main map area shows a map of San Diego with several green pins indicating search results. A 'Mouse Pad' overlay is visible on the map. The bottom of the screen shows a copyright notice for '© 2010 Microsoft Corporation'.

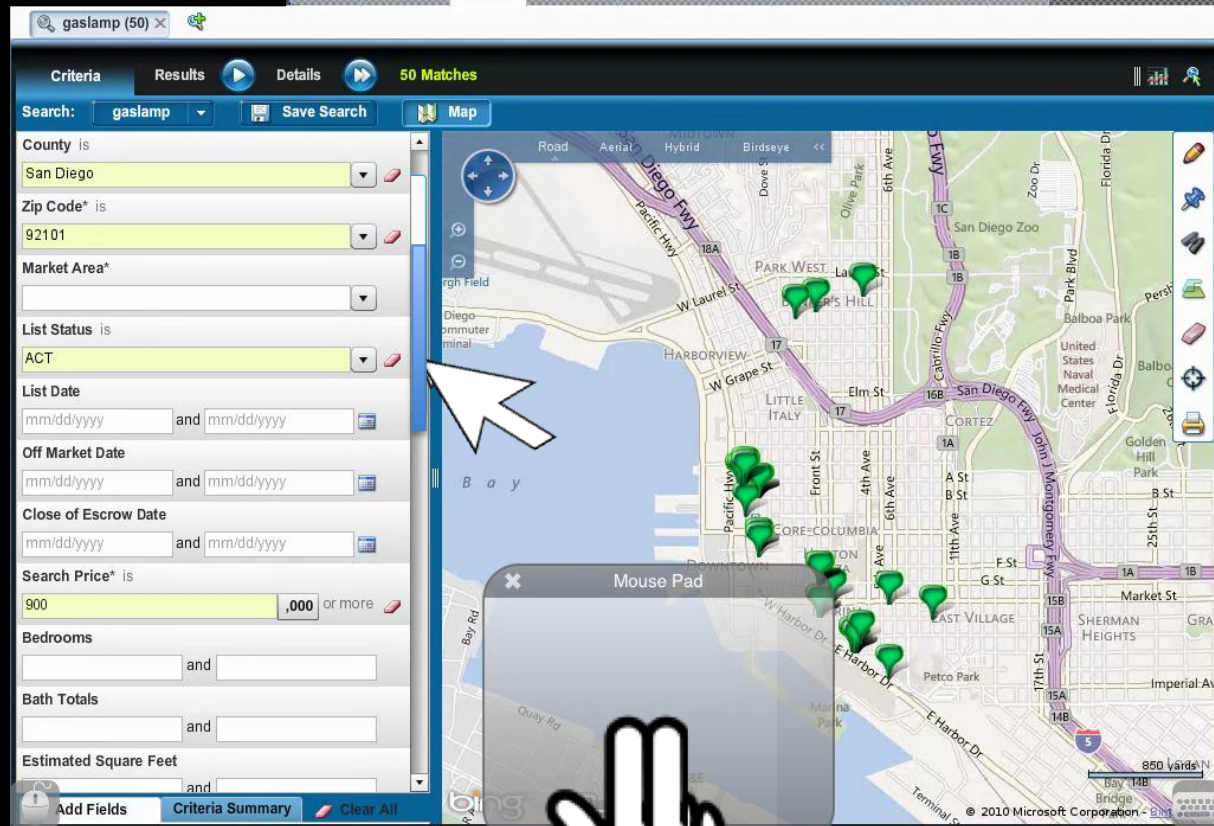

To operate a Scroll Bar

1. Position the arrow on the scroll bar first

To operate a Scroll Bar
2. With two fingers, tap/hold until the bar turns blue

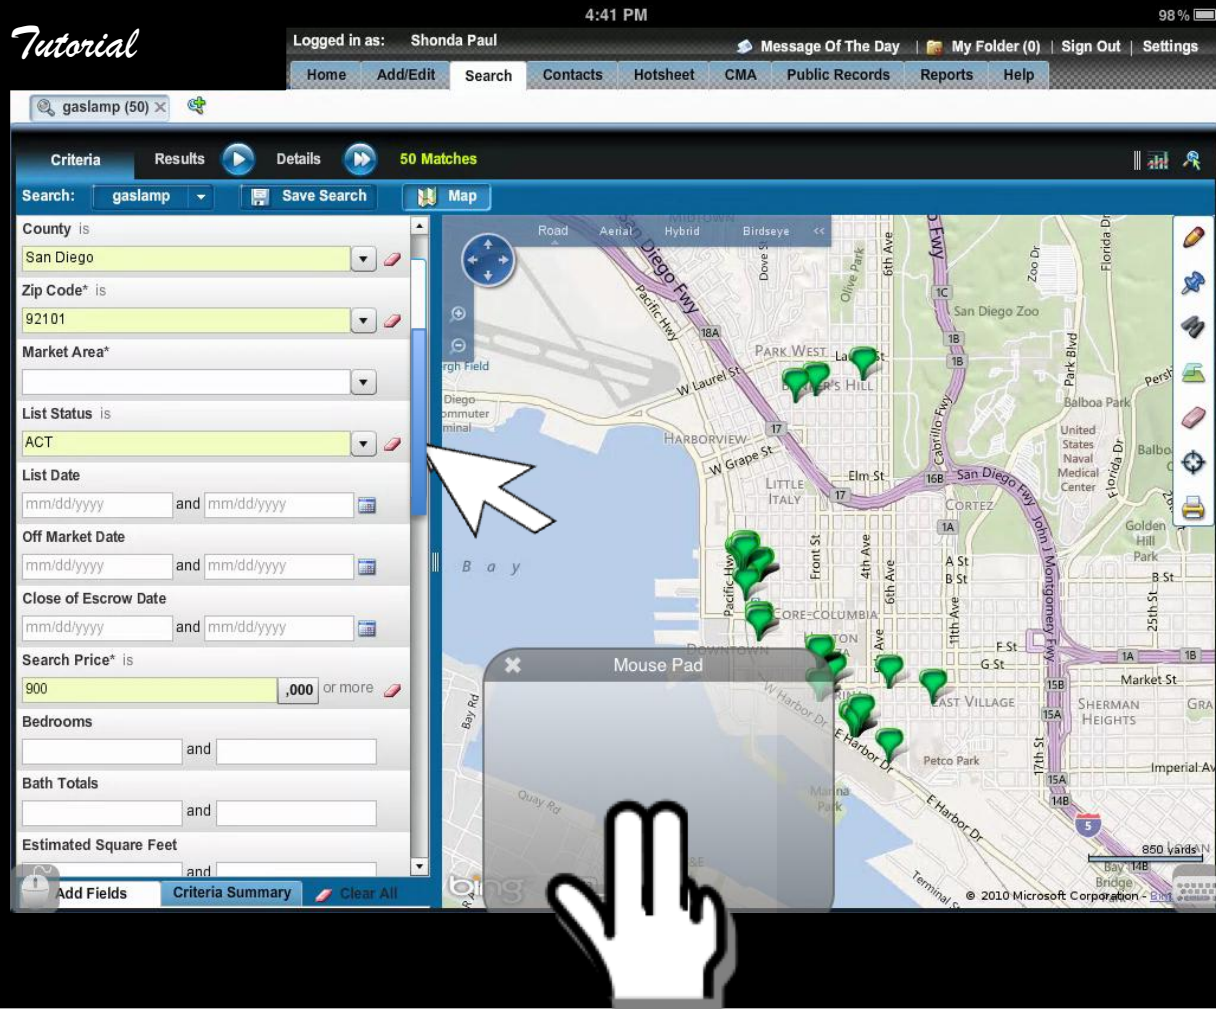

Tutorial

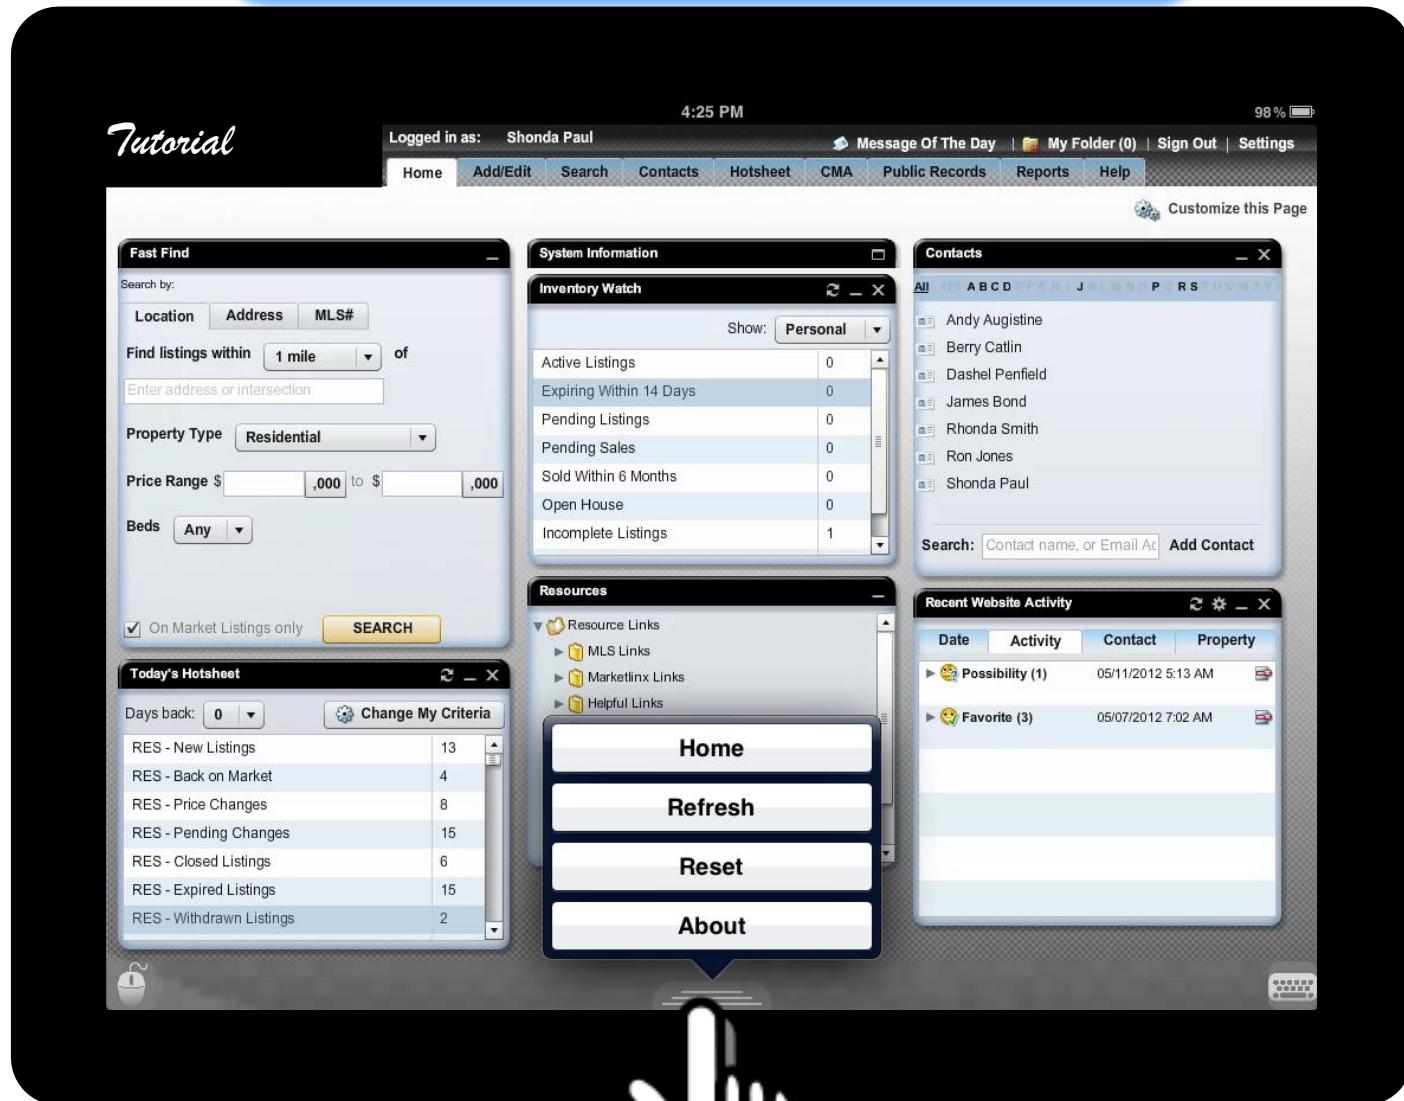

To operate a Scroll Bar

3. Without releasing pressure with your two fingers, move fingers in the direction you want to scroll

Tutorial

Tap the center button to reveal this option menu

If you tap the Home button, it will close Fusion Experience and you'll be returned to the regular i-Pad screen

If you tap the Refresh button, it will take you to the Fusion Experience home page
